1. This is in reply to your memorandum of 6 May 1964 in regard to the [REDACTED] medical position.

2. WH Division has considered your suggestion to employ contract medical technicians to cover the requirement at [REDACTED] and we feel that such an arrangement is not the most feasible because of the necessity to [REDACTED]

3. Since receiving your memorandum, it has been brought to our attention that the Medical Office has agreed to continue supplying medical technicians on a TDY basis to satisfy our requirement at [REDACTED]. This has worked out very smoothly in the past and we would hope that it will continue. We are finding it most difficult to identify sufficient slots for deletion to satisfy a recent request from the DDP and any further reductions in strength for the purpose of transferring a slot to the Medical Office would impose an almost impossible hardship on this Division at this time.
